The Insurance Company of the Year award recognises those insurers who have developed and maintained true commercial relationships with their repairer business partners and customers alike.

We work hard to constantly develop mutually beneficial long-term relationships with our repairers as the foundation for giving customers a high-quality, cost-effective service, the value of which has been recognised by the judges.

“We seek to be a dependable, trusted partner for approved repairers, using their time efficiently within a clear framework that tells everyone what to expect. Over the past year we have maintained and improved our high standards during a period of rapid expansion, increasing third-party capture and embedding our relationship with Vizion, one of the leading repair centre networks. We have also further developed our use of telematics data, providing more detailed accident information to the benefit of both our repairer-partners and customers.”

Winners will be announced at a gala dinner and a pitch-side award ceremony at Twickenham stadium on 22nd September. Guests will also be invited to take exclusive behind-the-scenes tours of the stadium, making for a real night to remember.
